

# TECHNOLOGY WEEK 2020

24 - 27 February 2020 | Houston, TX

DNV GL will host the 19th Annual Technology Week in Houston, Texas on 24 - 27 February 2020. Technology Week is a series of technical courses and seminars covering the latest innovations, technical developments, and regulatory changes related to Maritime and Oil & Gas industries.

As a participant, you will have the opportunity to meet with technical and subject matter experts who provide in-depth knowledge and experience, as well as expand your professional network.

Topics from the following areas are featured this year:

- Regulatory Insights
- Maritime Battery
- Subsea Processing
- Digitalization
- LNG Project Development
- Onshore/Offshore Pipelines
- Offshore Safety Design
- Structural Design

For technical questions, please contact the following person:

Jenny Lu  
Head of Section  
Offshore Class Approval  
+1 (281) 396-1866  
jenny.yan.lu@dnvgl.com

For registration questions, please contact the following person:

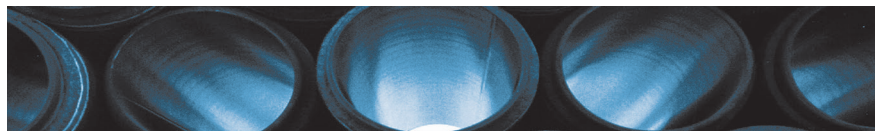

Cynthia Ervin  
Regional Events & Academy Support Manager  
+1 (281) 396-1720  
cynthia.ervin@dnvgl.com

**Save with EARLY BIRD discounts! To learn more or to register visit: [www.dnvgl.us/TW2020.html](http://www.dnvgl.us/TW2020.html)**

# TECHNOLOGY WEEK 2020

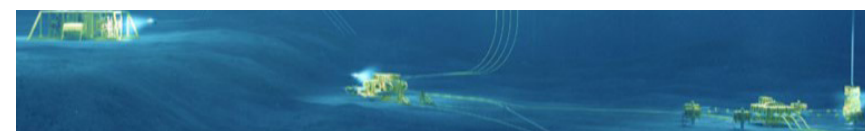

24 - 27 February 2020 | Houston, TX

A week-long  
opportunity for  
networking

## Day 1: Monday, 24 February

- Onshore Pipeline Day (Event)
- Offshore Pipeline Day (Event)
- Regulatory Insight for Offshore Developments in Mexico, Brazil & Canada (Event)
- Structural Design of Offshore Floaters. Day 1: Hydrodynamics and design loads (Paid - \$250.00)

## Day 2: Tuesday, 25 February

- Maritime Battery Workshop (Event)
- Introduction to Subsea Processing (Paid - \$250.00)
- Structural Design of Offshore Floaters. Day 2: Buckling and Fatigue (Paid - \$250.00)

## Day 3: Wednesday, 26 February

- LNG Day (Event)
- Offshore Safety Day (Paid - \$250.00)
- Digitalization Day - Day 1 (Event)
  - Track 1: Digitalization Use Cases (Event) Half day
  - Track 2: Blockchain (Event) Half day
- Hydraulic Analysis - the corner stone of pipeline safety & performance (Event) Half day

## Day 4: Thursday, 27 February

- Digitalization Day - Day 2 (Event)
  - Track 1: Digital Twin Assurance (Event) Half day
  - Track 2: Veracity (Event) Half day

REGISTRATION FEE covers breakfast and lunch. Sessions are full day (unless otherwise noted) starting at 8:30 am to 4:00 pm. Space is limited and reserved on a first-come, first-served basis.

- Event courses - Registration fee is \$100.00, with \$75.00 **Early Bird** until 4 February. Attend the entire event for this one low fee.
